Subject: Deputation of M.Tech (PSCA) students for pursuing Project work -Reg.
Ref: MOU with CITD Hyderabad, dated: 16-06-2017.

Sir,

Greetings from Vaagdevi College of Engineering!!!

With reference to the above subject cited, we would like to depute our M.Tech-Power Systems Control & Automation (PSCA), 3rd Semester students for pursuing their project work in your esteemed organization to meet the rules and regulations of JNTU Hyderabad. The following students are interested to pursue their Project Work in CITD Hyderabad.

I request you to follow the evaluation and verification of project thesis as per JNTU Hyderabad norms and also provide 100% placement assistance in various reputed organizations.

Subject: Request for In Plant Industrial Training & Placement.

Dear Madam,
Greetings!!!

Our Institute promotes and encourages the students to undergo in plant Industrial training to expose them to practical applications of Education system so as to bridge the gap between Industry and University Curriculum and upgrade their technical Skills for early placement.

With reference to the above mentioned subject, we are herewith sending our 4th year Mechanical Engineering & EEE branch students for the in plant Industrial training CAE (Certified Automation Engineer) in your esteemed organization.

I request you to positively guide, motivate for completion of B.Tech projects as per their engineering curriculum needs and with proper documentation. Kindly, provide 100% placement in good core companies in southern region. Hope to have fruitful relations with your organization in future with respect to students training and projects.

Training & Project period from 21-02-2017 to 23-03-2017. (31 days)

Subject: Request for In Plant Industrial Training & Placement.

Dear Sir,

Greetings!!!

Our Institute promotes and encourages the students to undergo in plant Industrial training to expose them to practical applications of Education system so as to bridge the gap between Industry and University Curriculum and upgrade their technical Skills for early placement.

With reference to the above mentioned subject, our 4th year Electrical & Electronics Engineering students are sent for the in plant Industrial training (Certified Automation Engineer) in your esteemed organization. I strongly recommend them to learn new techniques.

Subject: Request for In Plant Industrial Training & Placement.

Dear Madam,
Greetings!!!

Our Institute promotes and encourages the students to undergo in plant Industrial training to expose them to practical applications of Education system so as to bridge the gap between Industry and University Curriculum and upgrade their technical Skills for early placement.

With reference to the above mentioned subject, we are herewith sending our 4th year Mechanical Engineering & EEE branch students for the in plant Industrial training CAE (Certified Automation Engineer) in your esteemed organization.

I request you to positively guide, motivate for completion of B.Tech projects as per their engineering curriculum needs and with proper documentation. Kindly, provide 100% placement in good core companies in southern region. Hope to have fruitful relations with your organization in future with respect to students training and projects.

Training & Project period from 21-02-2017 to 23-03-2017. (31 days)

A Report of Field trip to Swakrushi Mulkanoor Women's Cooperative society

Swakrushi milk dairy located at mulkanoor village Karimnagar district, is a subsidiary unit of mulkanoor cooperative rural Bank and Marketing society ltd. Supplying milk, curd, butter milk, ghee, butter, lussi, paneer and ice cream to Karimnagar, Warangal and neighbouring districts. It is one of the largest milk units in the state of Andhra Pradesh.

The visit to plant was guided by Smt. Swaroopa president of Dairy with the permission of Mr. M. Bhaskar Reddy, General Manager on 29-05-2017.

The overall operation of the plant comprises of various stages of process. These stages include procuring, processing, packing, supplying and Marketing. Every day the milk collected from nearby villages is being transported to Swkrushi Dairy through milk tankers.

The milk is initially checked for quality and then pumped to large containers located in the plant. These containers have the large capacity to store several lakh litres of milk at very low temperature. Depending on the market demand the milk will be utilised to produce different dairy products usually five varieties of milk flavoured milk, butter, ghee, milk powder, utter milk, lussi, ice cream, basandi etc.,

The dairy plant has a laboratory where the milk samples were tested instantly for quality and quantity checks at regular intervals. Majority of the milk procured from the nearby villagers is pasteurised and supplied at various sizes (200ml, 500ml and 1000ml). The production cycle is fully automated and can be controlled from the panel located in control room.

The speciality of this dairy is that it is the first dairy unit which is being run by women. It was started with a modest loan of Rs.3.36 Crores and 67 dairy cooperatives in 2002. Now it has 140 cooperatives with 22000 members. The dairy consolidated its position

in the market that spread across undivided Warangal, Karimnagar and Adilabad districts. Now it procures 60000 litres of milk per day.

In the plant students of IV Sem MBA observed liquid plant, raw milk processing in the factory. Cultured products, quality control of milk etc.,

78 students had an opportunity to view and understand the operation of different processes using various techniques employed in a dairy plant also this visit created awareness among the students regarding various valves, actuators, controllers, containers, packing units, control panel being used currently. Lastly both staff and students enjoyed lassi, butter milk, ice creams and basandi at free of cost in the Dairy plant.
